DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claim 3 is rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Claim 3 recites "said bottom surface of said jar is sized so that its cross sectional area is not less than 4 times as large as the area of said air tube at said primary inlet opening". Examiner notes that the noted claim limitations were not included within the claim limitations originally filed, and also the noted claim limitations are not supported by the original specification. Therefore, examiner respectfully submits that the claimed limitations constitute a new matter situation. Correction is requested.

Allowable Subject Matter

Claims 1, 2, and 4-16 are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

Claims 1 and 14 were indicated as allowable upon correction of the 35 USC 112 second paragraph rejections presented in the office action dated 6-3-02. Examiner notes that applicant has made the necessary corrections to the 112 second paragraph

Art Unit: 1724

rejections for claims 1 and 14, and therefore claims 1 and 14 are allowable. Claims 2 and 4-13 depend on claim 1 and hence are also allowed. Claims 15 and 16 depend on claim 14 and hence are also allowed.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
